

## CRISIS RESOURCES

If you are experiencing a life-threatening emergency, call 911 or go to your nearest emergency room.

### In crisis?

A crisis is defined as a time of intense difficulty, trouble, or danger.

Previously the National Suicide Prevention Lifeline, 988 is a direct connection to support for anyone experiencing distress related to a mental health or substance use crisis, suicidal thoughts, and any other kind of emotional crisis. People can also dial 988 if they are worried about a loved one who may need crisis support (<https://wv988.org/about>).
